

1°- Standard electrodes :

Dimensions depend of power of welding machine. Generally, operator use lengths : 200mm ; 300mm ; 400 ; 500 up to the maximum Length of table.

Note Width, Length and power on your order.

Ref: 67810-Electrod **Width * Length (Power wHF)**

Ref: 67810-Electrod **15*350 (1500wHF)**

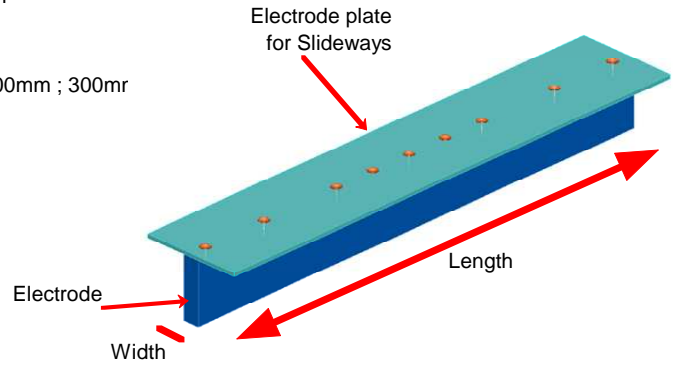

Ref: 67810-Electrod **15*500 (3000wHF)**

Ref: 67810-Electrod **20*600 (5000wHF)**

Ref: 67810-Electrod **20*800 (8000wHF)**

Ref: 67810-Electrod **25*1000 (10000wHF)**

Ref: 67810-Electrod **30*1200 (12000wHF)**

2°- Support for your customized electrode :

Same sizes as above standard electrodes. All mechanical settings of press are not changed.

Ref: 67810-Electrod Customized * **Length (Power wHF)**

Ref: 67810-Electrod Customized * **350 (1500 wHF)**

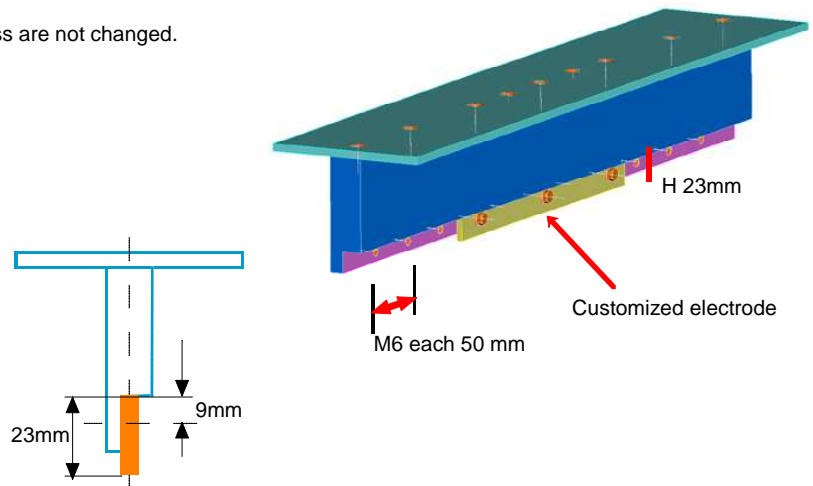

Ref: 67810-Electrod Customized * **500 (3000 wHF)**

Ref: 67810-Electrod Customized * **600 (5000 wHF)**

Ref: 67810-Electrod Customized * **800 (8000 wHF)**

Ref: 67810-Electrod Customized * **1000 (10000 wHF)**

Ref: 67810-Electrod Customized * **1200 (12000 wHF)**

3°- Support for your mobile electrodes :

They are used for finishing with special forms: rings, stars, reinforcements, windows, eyelets, electroc hinges..... Same sizes as above standard electrodes.

Ref: 67810-Electrod Mobile * **Length (Power wHF)**

Ref: 67810-Electrod Mobile * **350 (1500 wHF)**

Ref: 67810-Electrod Mobile * **500 (3000 wHF)**

Ref: 67810-Electrod Mobile * **600 (5000 wHF)**

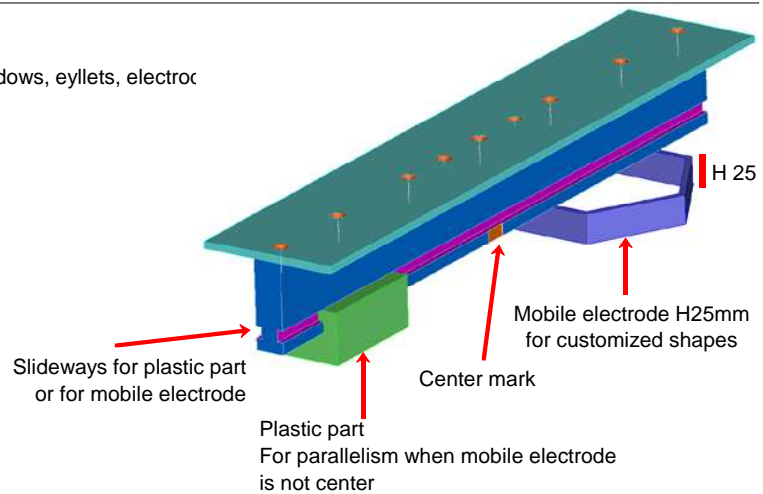

Ref: 67810-Electrod Mobile * **800 (8000 wHF)**

Ref: 67810-Electrod Mobile * **1000 (10000 wHF)**

Ref: 67810-Electrod Mobile * **1200 (12000 wHF)**

Plastic part:

Ref: 67810-Electrod for Mobile - **Plastic part** Price: 212,00 €

4°- Electrodes for Eyelets :

They are used for welding of PVC Eyelets, valves.....

Ref: 67810-Electrod Eyelets * **Length (Power wHF)**

Ref: 67810-Electrod Eyelets * **350 (1500 wHF)**

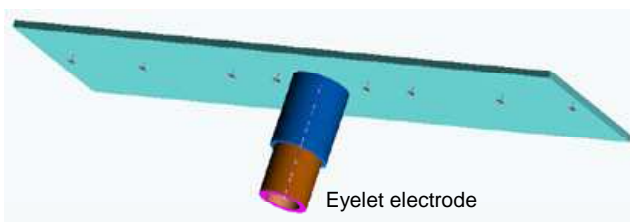

Ref: 67810-Electrod Eyelets * **500 (3000 wHF)**

Ref: 67810-Electrod Eyelets * **600 (5000 wHF)**

Ref: 67810-Electrod Eyelets * **800 (8000 wHF)**

Ref: 67810-Electrod Eyelets * **1000 (10000 wHF)**

Ref: 67810-Electrod Eyelets * **1200 (12000 wHF)**

5°- Electrodes for prototype :

They are used for welding of special forms. The forms are cut in soft material thickness 5mm and the cost is very low.

Ref: 67810-Electrod Proto * **Length (Power wHF)**

Ref: 67810-Electrod Proto * **350 (1500 wHF)**

Ref: 67810-Electrod Proto * **500 (3000 wHF)**

Ref: 67810-Electrod Proto * **600 (5000 wHF)**

Ref: 67810-Electrod Proto * **800 (8000 wHF)**

Ref: 67810-Electrod Mobile * **1000 (10000 wHF)**

Ref: 67810-Electrod Proto * **1200 (12000 wHF)**
